## Premium Whiskey Experience (Flight)

### Japan meets Hawaii

Each whisky is paired with locally crafted Hawaiian chocolate

#### Manoa Chocolate Rum Chocolate Macadamias

Paired with Hakushu 18years

Fresh and vibrant with notes of green apple herbs, and gentle smoke.

The richness of macadamia nuts and subtle rum sweetness complement Hakushu's crisp, forest-like character.

#### Manoa Chocolate PA‘AKAI Sea salt

Paired with Yamazaki 18years

Deep and complex with dried fruit, oak, and dark chocolate notes.

A touch of Hawaiian sea salt enhances the whiskey's richness and brings out its long elegant finish.

#### Manoa Chocolate Kope Coffee

Paired with Hibiki 21years

Luxuriously smooth with layers of honey, orange peel, and caramel.

The roasted character of Kope coffee adds depth and balance to Hibiki's refined sweetness.

# How to enjoy your Whisky Flight

## ① First, taste of each whisky straight

Please begin from the left, as it will help you notice the differences more clearly.

Yamazaki 12 → Hakushu 12 → Hibiki

We recommend this order, as the flavors progress from delicate to more complex.

This allows you to experience the original aroma and flavor of each whisky.

## ② Cleanse your palate with water

Use the water glass to refresh your palate between tasting

## ③ Next, try each with a small amount of water

Adding water will open up the aroma and reveal different flavor notes.

(We recommend 1:1 ratio of whisky to water)

## ④ Compare the differences

Notice how the aroma, taste, and finish change between straight and with water.

※ There are only our recommendations, so please enjoy them according to your own preferences.
